

Let's praise God as we marvel at the **joy** and **growth** illustrated in the below pictures of the December 19th Christmas celebration at Emmaus Bible Institute. Families of Compassion kids and members of the 14 new cell groups boosted attendance to over 350 and resulted in standing room only. Growth is also happening in other PAMI churches and church plants. **Please consider helping with their request for 300 more chairs at \$5.50 each.** We could also use more sponsorship of workers, students, children's milk feeding outreaches, and special projects like finishing the new EBI kids building by adding a bathroom. Thank you for your partnership.
