Purok 2 Mabini Casiguran Sorsogon  
Year of the Lord 2023

Ministry Updates

June 15 – October 22, 2023

# Sunday Service and Feeding Program

Nipa Hut #6 Turn Over to Callada Family – the 6 project was already completed, thanking the Lord for Sis.Brenda's life who gave this nipa project to 6 needy families.

Children's ministry from Mabini and Anog continued. Due to election ban our activity plan this October for Children's Concert will move next month or maybe next year, all YP is busy also in their college schooling.

D-Group and Young People ministry – after the Youth Camp one of the young people decided to be baptized, his parents got angry to us because they are accusing us that we force his son to be baptized, but his son was the one who decided during the announcement about baptism, we don't have any idea that he will be baptized that day. Until now Jayric is not attending Sunday Service because his parents said that all her children will not attend Church. Praying that God will open the minds and hearts of the people, and not focusing on the lies bring by the family of Jayric. Some neighbor also was distracting about this issue and leads to decreasing Sunday Service attendance. God is good I know one day God will open their hearts and minds.

All these pictures taken during Youth Camp and short visit at Mabini Christian Church – thanking the Lord for all of you, Bro.Mike and the rest of the team from US. God bless you more.

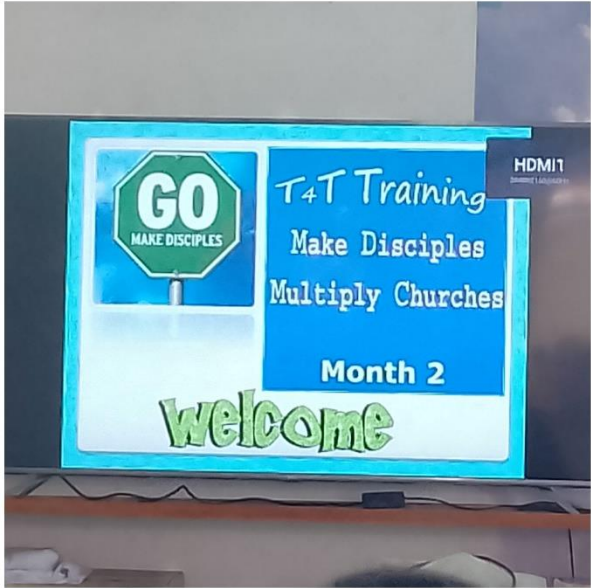

Moments at La Kristy Cold Spring Resort!

All of us are so happy with all your presence!

Ptr. Winston and I are attending a T4T (Training for Trainers) this is a 8 months training and doing this once a month. We started last August. This month of October we can't attend due to Princess Brenda's condition, she is admitted to hospital, and she diagnosed acute pyelonephritis, tomorrow October 23 is her follow up checkup.

My first batch babies at Early Horizon CDC.

Anog bible study,  
Sunday afternoon.

Sunday afternoon  
Ptr. Winston music  
instruments training for  
new generation.  
Preparing children to be  
the next in line in music  
ministry.

We don't have water almost 1 and  
half month, we are struggling in  
pitching water to Orok, we must do  
laundry in Orok, this spring is the  
nearest water here in Mabini.

Brgy. Mabini has a problem with their new project of the water system, they are working on the errors, but it is so slow to decide in fixing the problem. It's been a one and half month. We are now also working on the possibility of a water source here in our area.

About my Midwifery journey, I can't take exam this November because the school is late in releasing TOR, maybe next year April 2024, and I will find a review center for me to review first before taking the exams.

PAMI – Casiguran Worship Center

Thanking the LORD for all the blessings and struggling in life, it is worth serving the most powerful GOD.
