

GARDUQUE BARCELONA QUARTERLY REPORT (APRIL-JUNE 2024)

Greeting to the PAMI Board, this past few months have been tough and challenging for us especially that many of Buhang Church members have decided to part ways. Family Habulan and family Mira went to Manila to live with their other relatives and to find a better job to sustain their families. Sister Maribelle and her children also leave for the reason that her husband already had another family so that he is lacking on giving them financial support and sometimes doesn't even bother giving. She is struggling in sustaining their needs financially so she decided to seek help from her relatives in Manila and now they are living there. We're praying for their safety and God will provide for their needs.

On the other hand, Cagang ministry have been fruitful. The feeding program is on-going and there are many people attending bible study in Bro. Manuel's house. Most of them are children and the others are youth and parents. They are so blessed that the word of God reach their homes. Praying that we can open some other activities for youths.

Sunday school while waiting for other members to come

Bible study in Bro. Manuel's house

Children Ministry in Cagang

This happened June 16, 2024 at Bro. Delfin's house blessing. We had a short service and little feast with his son Bro. Nani from Manila and fellow church members.

Family Update:

**GARDUQUE,
AZARIAH KIEL G**

This was taken last May, Azariah Kiel's Graduation

This is the motorcycle that Ptr. Pio bought with the money that PAMI and the Lutheran Church shared provision gave and we prayed for it to be used for ministry and service. Even our little one lend his hand over to pray for it. We are very much thankful and grateful for your help, God bless you all!

Also please pray for financial support for Zyeo. His father and his family didn't give yet their financial support for his needs and necessities, so that we are struggling in financial matters especially this times because it's already enrollment and Kiel is already in secondary level of education.

Prayer Request:

- Financial provision for Church building and church lot
- More bible studies to be open
