

## QUARTERLY REPORT

(January-March 2024)

Greetings to the PAMI Board, we are glad to tell you that there has been great progress on the ministry. Cagang kids fellowship has doubled and so as the number of children attending bible studies. Many parents presented to help on cooking during feeding and gather around for bible study after. Some of the parents from different locations wanted to have a separate place which is near their homes so that their children can also attend in times of the study. Praise God that their hearts were touched. Although some of them kept on making excuses to not attend church during Sundays. It is sad because Bro. Delfin was putting a lot of efforts on picking them up, yet they still decline sometimes. Maybe because they are lacking financially and finding some part times where they can earn for an amount of money. Praying for continuous growth and fruitful ministry in Cagang and that God will bring them to church.

PS. Bro. Mike we have here a 20,000 php and planning on getting a motorcycle for Ptr. Pio's service. What do you think of helping us if we should do an installment or cash? If you consider cash, we are going to pay in mission for the remaining balances if you give the total cost for the motorcycle's payment.
