

PAMI IROSIN CHRISTIAN CHURCH

August 2024

To :PAMI Board, LinC,Craig Eckberg, Sis. Jing Danielson,

to our beloved brothers and sisters in Christ and hardworking servants of our God who continue to perform the works of our Lord Jesus abroad, have a good day and may our God bless you This report is only about updates on our ministries here in PAMI Irosin and Juag Christian church.

PRAYER MEETING- san Agustin-Our prayer meetings in San Agustin are held at home every Wednesday night. Here they are trained to speak or reveal the words of God and in this way they learn to preach the word of God.

PRAYER MEETING- in the Churchin this church we regularly hold prayer meetings every Thursday night and the same thing we do in the houses that each one can truly reveal the word of God and by the grace of our God I see that the results are beautiful that's why My prayer is that God will use them in evangelization although others are also doing evangelism.

PRAYER MEETING- Mapaso In our prayer meeting in Mapaso Brgy, we combined the Bible study and prayer meeting here because there are new people attending and it is important to preach the good news of salvation to them and we are very happy in our God because he is multiplying the youth there.

This is about the birthday celebration of a daughter of sister Joan and brother Larry Panganduyon. This child's name is Elisha. she grew up in the church and often there was a song dedicated to the Lord and on her birthday she asked before praying that she would first offer a song of thanks to God.

Baptism- this is our third baptism and although there are not many, but we are very grateful to our God for his grace and mercy to these two youths who believe in our Lord Jesus whom he also added to his church, for now please encourage them to attend our worship services. Glory to God

Pastors and wives Recreation at Baguio- it is difficult for our pastors of Irosin to do this without the people who help especially with financial needs and above all with our God who grants success. that's why we are very grateful to the people, especially to ptr Ed of LinC, thank you very much, may God bless you more. in Baguio I saw how much the people beautified the place that seemed impossible to build a house. and I saw that God is very amazing in all his creations and we were all very refreshed and happy even though we were tired of traveling to a very distant place. so I return to God all the praise, thanks and also to our mission. May God bless you all.

BIBLE STUDY TEAM- these are our young people who are doing evangelism, they have their own groups and separate places..They are constantly being equipped and used by God for what they can do. Our newly graduate in bible school –Jason Banate Glory to God

BIBLE STUDY- this is our new home bible study here in Bacolod Irosin and by the grace of our God they are attending our worship service

PAMI JUAG CHRISTIAN CURCH

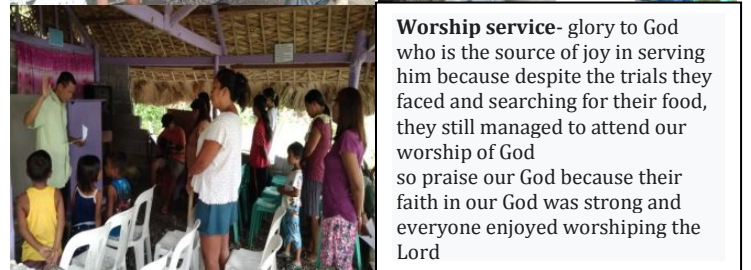

Home bible studies- we often can't join brother Areil's children and wife in Bible studies because of their daily food work. However, we continue in our discipleship of brother Areil and also in finding people who will teach the word of God.

Bible study at Bucana - this is our bible study in Bukana or entrance front of Calintaan and more people are listening to the word of God here and they are interested in learning the teachings of our God that is why we continue to be happy with the people in this place

Bible at Juag - this is our bible study on the other island of Juag and here mothers mostly attend and not a single father is there. It seems that it is difficult to reach the fathers of the family with the good news of God, yet we continue to search for people to share the good news of our lord Jesus

Worship service- glory to God who is the source of joy in serving him because despite the trials they faced and searching for their food, they still managed to attend our worship of God so praise our God because their faith in our God was strong and everyone enjoyed worshipping the Lord

PRAYER MEETING- After our missions, we went home to the house where we were staying with brother Jose to cook our food in the evening and then we were here for the prayer meeting. the happy thing here at the prayer meeting is that we have many things to pray for in families, in water resources, because water is really difficult there, being busy people in search of earning money to live apart from this, there are also happy testimonies and different experiences, for example, we are all experiencing LBM and we just can't go out because the thunder and lightning are strong and it rained heavily, it happened after our prayer meeting where we will sleep.

Children ministry- praise our God for the lives of the children here, they are very happy in listening and receiving God's words, especially if there is something to eat. so we continue to pray that the word of God will reach where the children are and that we can also give them a little food

Baptism - our God is great in his faithfulness in all his works and now here is one of those we teach the word of God who has been baptized and is ready to serve Christ

Church under repair- we are now under the repair of our church here in Juag and we thank our God because he has his servants to meet our needs here on the island especially Ptr. Ed may our God bless him and may our God allow us to make a tarpaulin as well
