Worship service - praise our God who is the source of our right to serve his Son Jesus who because of his love and grace to us that is why we continue to praise and thank him in our worship

this is our new Sunday school teacher he took over from our previous Sunday school teacher bro. Paulo Foster who is currently also working with our young people, the name of our new Sunday school teacher is Jamil Banate, our adopted child from Masbate from a broken family, He is our newly graduated bible school at Emmaus Bible Institute, currently he is continuing his studies at Gallanosa National High School while doing the things of our Lord Jesus

These are our instrument players, some of them became our teachers when we had the five days Music camp and the others participated in the 5 days camp at Emmaus bible school for the reason of learning more to play for God

PRAYER MEETINGS

This is our regular Prayer meeting in the church every Thursday at 7 pm. I am often the speaker here in the church, and there in mapaso but in house-to-house prayer meetings, they are the speakers, and in this way, everyone learns to proclaim the word of God.

Prayer meeting at Mapaso- This is our prayer meeting here in Mapaso here we have new attendees friends of our youth there they were taught to sing and they are here to do a special number I am very grateful to God for these children who wholeheartedly offer a song of praise to our God.same with our brothers and sisters who never get tired of attending prayer meetings

Bible study at Baclocl- this is our evening bible study every wednesday where that is their only available time

Prayer meeting and bible study at san Agustin-this is our prayer meeting in brgy Tabon Tabon where after the prayer meeting and bible study we prayed bro. Paulo with his loved ones here besides here we also had new attendees

because of the heavy rain that's why we stayed at the church to do our prayer meeting that we should have been there with the brothers and sisters anyway thanks to our God because our brothers and sisters are still in the gathering to do the repair according to the will of the lord God

Praise God in the life of this lady who continues to take time to listen to the word of God with her grandchildren, her only problem is that her husband is sick with TB which is the reason why he does not leave the room.

Baptism-Praise our God for the successful water baptism of bro. Kian Bonifacio and bro Adolfo Kayanes are the ones who have been invited to every prayer meeting and our bible studies, thanks also to our brothers in Christ who were used by our God and for the grace of God and for his words especially the holy Spirit.

PAMI JUAG CHRISTIAN CHURCH

CHILDREN MINISTRY

Children ministry-- praise and glory to our God who is always faithful at all times as well as to the children who are being taught by our young people in the island of Calintaan, Juag, Bukana and Subic, the people here are very poor, the fathers are always busy fishing but often few are caught sometimes none but they don't give up it seems like it is a challenge for us to continue doing missions even if the yield is small.

Home Bible Study at Gaso Family- The Gaso family is big, so what we often encounter here are the children and the father of the family because the mother is doing laundry, so they hardly have time to listen to the word of God, maybe it is necessary to schedule a different time, so far from the home where we are staying, maybe we should first soak them in prayer that they have the initiative to give up their will and become disciples of Christ

Bible study at Gabad family– praise God for the warmth of receiving us although there is not enough space in their house but there is their willingness to listen to the word of God and they are also happy because of the successful birth of one of their children who is with them in the house. They are also deeply grateful to our God for hearing their prayer request

Bible study- this place is a place of gambling, we first came here to announce the good news and we were accepted by the owner of the home but as time went on we could not find them but the gamblers but what our two young people did they taught the word of God

Bible study-thank our God for his kindness to this mother even though she had a stroke but she sincerely desires to serve God the only problem is that her housemates don't want to listen to Christ anyway we will continue to pray to our God that he will make us successful in this mission

Bible study-this is our bible study in front of our church in Juag, we have been teaching them the word of God for a long time but right now they don't have time for the word of God, they are always away from their homes but let's continue to pray to God and may God act in the depths of their hearts.

Bible study

Thank God for the lives of these people, this is the second time we have shared God's good news with them and I was satisfied because after preaching to them they gave us snacks and water may God bless

them, this is the first time we have experienced here in this place of sobic.

Prayer meeting- this is the newly opened home bible study here in Subic, most of them are care takers and vendors, so the people here are often busy with their sales because of tourism in this area, the prices of the goods here are high.
